Docket YOR920030106US1
YOR.444

REMARKS

In the above-recited Office Action, the Examiner required restriction to one of the two identified inventions, described as follows: Invention I, defined in claims 1-20 and 23-24; and Invention II, defined in claims 21-22.

In response, Applicants hereby provisionally elect the Invention I, defined in claims 1-20 and 23-24, under traverse that such Restriction by the Examiner is appropriate in this instance, given the above amendment to claim 21.

That is, claim 21 has been amended above to reword the invention therein in a manner that eliminates the basis of the Examiner's rationale, as best understood, thereby rendering moot the Election/Restrictions Requirement.

Applicants reserve the opportunity to later file a Divisional Application for the non-elected claims, if any remains.

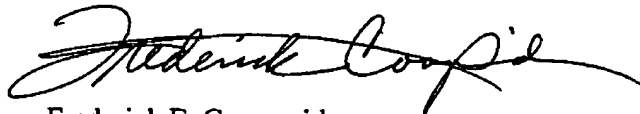

Early, favorable prosecution on the merits is respectfully requested.

Should the Examiner find the Application to be other than in condition for allowance, the Examiner is requested to contact the undersigned at the local telephone number listed below to discuss any other changes deemed necessary in a telephonic or personal interview.
